

### Question 16

a.) Education - may not have the education they need for the sort of employment they want.

- Gender -

b.) Age - the age people need to be safe and ~~security~~ need to feel secure wherever they go. security and safety is very important to them as people would feel its okay to hurt elderly people and the society is very cruel this day.

They would feel very unsafe and the only ~~make them~~ ~~need~~ safe thing that would ~~make them~~ is by housing. The only place elderly people would feel safe is in their own house knowing that there away from bad people.

- Sole parents - would also feel unsafe and secure ~~ex~~ especially for women (single

parents), Not having a man in the house, can feel a bit unsafe for the sake for your children. People out their knowing that you don't have a man in the house and your a single parent can intimidate ~~the~~ bad people from coming and breaking in.

c.) ~~In the age~~ The government policy and community structured structures have influenced societal attitudes ~~too~~ towards the Aged and the Aborigines.

The government have given a huge support to the Aged. They have been given rights on what they can have and what they can't have.
