

## Intim Hanner with

Rocky Creek Regeneration Project

The Rocky creek in not used By our community

But we used By our people to local area, to

Build this area for our New generation peven

Siving a Beautiful Brown to our environment

help each other OR put hour hand for each other to get this dream scussfull, and with out helping each other was Bulid this dream for our future and New general and this dream for our future and New general and which we all giving them sespent about their decision that has taking to work with us. Buen a young people giving for them all regid, provided because they really take a sesponsibilities about their country even their local area with helping the environments.

It's good chance it walkup and

get a services responsibilitie about our total area even sowing our environment. And with any one have interesting about it we welcome to come what ever you can, and of you was interesting to let a more information about us or about our Rocky Creek project Just call 1300 306 605 We will hape to heary answer any question you have, So please think about your local area even for your future of your area of MayBe were generalon And will all Be hape If we get a good consequence a bact it, And also we have for get our volunteers they will get someone gift even they will write their name in the path wall,

And this Will Be until 30 DETURE
