

Q3 (Living Working in the Community)

Recently we have planned to organise a cleaning day and this opportunity came to us after reading an advertisement in newspaper the place is Rocky Creek reserve which is no longer used by our community and the reason is the amount of rubbish in the park and the amount of picnic facilities that needs to be repaired.

Our school has always played a big part in clean up Australia and school development days when we all gather to clean the surroundings of our school and the community by planting more trees and making our community proud, now you all have another chance to take part in this wonderful work.

We need alot of volunteers to work with us on this project your work will be appreciated and you will be awarded for your hard work and precious time that you give to complete

this wonderful work.

All the volunteers will be invited to a free barbecue at Rocky Creek on Sunday 2nd December at 6 pm we have a lot of teachers who are willing to help us and they are ready to give some of their spare time to help us but we need your support too so please come and join us to complete this task.

This will happen in next two weekends you will help us to remove rubbish and weeds, plant native trees and repair barbecue and picnic facilities work will start each day at 10 o'clock but you are welcome to come whenever you can so we would be looking forward to seeing you soon.

Thank you
