Marks

Question 17 (7 marks)

- (a) Using Sources A and B, calculate the percentage of Brazil's population living in Sao Paulo in the year 2000. **1**

.....
.....

- (b) Using Source A, identify TWO features of the population pyramid that make it typical of a mega city in the developing world. **2**

Both the female and male population is developing very fast and so high.

- (c) Describe ONE health issue and ONE social issue that a mega city in the developing world could face in the next decade. **4**

Health issue The water looks very polluted and the area their living in isn't clean.

Social issue There are so many people that the higher class people might not want to know the lower class people.
