

A)

Adolf Hitler had always hated the Russians and Jews and wanted Germany to be pure anyan race. Hitler believed that Germany deserved lebensraum (living space).

The Weimar Republic failed - they were blamed, The treaty of Versailles ordered Germany to pay reparations of an estimate of £6.6 billion. This was too much for the Germans and so they needed to get loans of nations such as the USA.

The Freikorps had the support of the army and the Kapp Putsch who were the communists.

The Munich Putsch was run by Adolf Hitler and the Nazis. The SA were the Brown shirts that go around like thugs beating people up and the SS were Black Shirts and they were the Nazi guards.

Hitler was sentenced to 5 years jail but only served 9 months and ~~in~~ during his time Hitler wrote a book called "Mein Kampf" also known as My Struggle.

The Weimar Government didn't have enough to pay reparations and so they had to print the money which led to hyperinflation.
