

Question 3 (6 marks)

Name ONE theory of social change Technology

With reference to a country you have studied, evaluate how your chosen theory of social change helps you to understand ONE feature of continuity and ONE feature of change within that country.

Within Australia, technology has become a major part of every day life, with things like, computers, microwaves, washing machines and television. Australia has changed for the better. Technology has made Australia move through time fast, another contribution to this is the demand for this technology. Technology - with reference to continuity and change, I have been able to understand the need for both. Change is something you sometimes are unable to control it just happens, but continuity is something we have a choice in, keeping with tradition following it through change, this makes a society stronger.
