Question 1 (6 marks)	
(a) Define <i>micro world</i> .	1
Micro world is the immediate world that surrounds an individual, that is their family, Peers and work employment place.	
(b) Define <i>macro world</i> .	1
Macro world refers to the larger world, that is Government, Law and the wider society.	
(c) Describe how you experience continuity and change in EITHER your micro world OR your macro world.	4
Continuity and change is experienced in my MICRO world through the family unit. The continuity experienced within my family involves the same 'rituals' everyday, that is for example our evening meal where we thank the Lord for our food. As time has gone by this aspect of my family life has stayed the same & continuous. However, as time has passed change in our family unit is represented through technology. For example, as we once used to hand wash & dry our dishes, we now rely on a Dishwasher.
