a.) Work refers to paid or unpaid activity to produce a good or service.

Leisure is time spent not working, it can be active or passive.

b.) Technology has contributed to changing patterns of leisure, as it creates new forms of leisure and widens access.

Leisure ~~of~~ over the past ~~the~~ half century has become increasingly passive as technology creates new gaming consoles and games to go with it, ~~technology has also~~

giving society new choices. Technology has contributed to access also, as new leisure activities are being offered as a result of technologies such as cars and the internet. Cars have allowed for access to ~~passive~~ <sup>active</sup> leisure in particular, such as sporting competitions. The internet has ~~all~~ encouraged passive leisure through the new opportunities offered from world-wide gaming.
