#### Question 11 (5 marks)

'The churches should act together in all matters except those in which deep differences of conviction compel them to act separately.'

*Conference on Faith and Order, 1952*

Using the above statement and your own knowledge, describe the impact of Christian ecumenical movements in Australia.

The impact of Christian Ecumenical movements in Australia have been quite significant to the very shaping and designing of the culture that we have today.

As ecumenical means that of "coming together" in a sense, this explains that all religions came together to form a common opinion upon an issue except where ~~of~~ spiritual beliefs compel them to act separately. The impact has been shown for example in things such as World Youth Day, when everyone unites to celebrate!
