

Question 22 (5 marks)

With reference to the illustration and your own knowledge, explain TWO reasons why an individual may explore new religious expressions and spiritualities.

In the illustration, it is depicted that all or most religions are following one main belief. Every religion has its beliefs and the people in the illustration are following one main path. However, there are two people not following a 'one way' path or 'road'. They are sitting down. This demonstrates new religious expressions and spiritualities. A reason why one may explore new religious expressions and spiritualities is that they want to seek personal fulfillment and follow their own path to live a normal and fulfilling life. Another reason may be that they want to find the truth themselves and not rely on the major religions. Many individuals may explore new religious expressions and spiritualities for these and many reasons.
