

b) I did not think back of her ~~past~~ nor turn my mind when we came to the sacred dwelling place of ancient Ceres: finally, when ~~every~~ everyone was gathered here, one woman was missing, and slipped away from her companions and her son and her husband. Who of the gods or of men did I not reproach in my madness,

or what ~~ever~~ cruel thing did I see in the
city? I commit Ascanius and my Father Anchises
~~to the~~ and the Trojan community to the household
gods and I hide them in a curved valley; I myself
return to the city and I gird myself with armour.
I am cast to renew all my ^{pain} ~~dangers~~ and return
through the whole of Troy and throw myself to the
dangers. Firstly, I ~~depart~~ ^{return} to the wall and go to
~~the hidden entry~~
the hidden entrance ^{of the wall} of the gates, I look for and
~~look~~ ^{follow}
follow my footsteps through the dreary light.
